Forecast for Friday 11 Nov 2022

Weather: Mild, cloudy and muggy, with areas of hill fog and outbreaks of rain or drizzle, but becoming drier later in the day. Cloud breaking in the evening to allow some clear spells, though still areas of low cloud around with risk of fog and drizzle too. Gusty winds for most of the day.

Chance of cloud-free hill tops above 600m: 10%, improving to 40% in evening

Low cloud and visibility: Very poor visibility in mostly extensive cloud down to 450m, but occasionally broken or perhaps scattered in east. Cloud lowering to around 700m later, breaking in places with some of the tops becoming free of cloud. Mostly moderate to good visibility beneath cloud, but poor at times in rain and drizzle.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

Mild and damp even on the tops. Gusty winds and buffeting will make movement at height rather challenging.

Recent rainfall: measured at Neuadd: altitude 353m

Recorded at	Last 24 hours:	Last 48 hours:	Last 72 hours:
03:00 on Fri 11 Nov 2022	2mm	9.8mm	37.6mm

Forecast for Saturday 12 Nov 2022

Weather: Some clear spells overnight but with low cloud and patchy drizzle, though this will gradually lift and clear in morning, then some bright or perhaps sunny spells. Becoming cloudier again by lunchtime however with a little rain and patchy low cloud. Dry again by evening with cloud clearing, though some fog patches may form in any clear spells.

Maximum wind: Southwest winds turning southerly, 15-20mph, but 25-30mph gusts 40mph near summits.

Chance of cloud-free hill tops 600m: 30% becoming 80% in evening.

Low cloud and visibility: Very poor in areas of cloud at first above 400m, but cloud tops around 700m in places and some summits free of cloud. Cloud lifting and breaking in morning, then mainly broken above 550m, but occasional patches down to 400m. Skies clearing in evening. Mostly good beneath cloud, but poor in drizzle and some fog patches later.

Temperature: **Valleys:** 11 Celsius rising to 14 Celsius, but possibly 17 Celsius in any sunshine
At 600m: 9 Celsius
Freezing level: Well above the tops.
